

TPGIT Alumni Association Newsletter March 2022 Issue 1, Volume 1

Principal's Column

**Dr. Arularasu M.E, Ph.D.,
Principal**

My warmest greetings to all Alumni of TPGIT. I appreciate and congratulate the TPGITAA for the efforts in publishing the Newsletter. I am proud and elated to know that most of our alumni are highly profiled. They have merged as successful entrepreneurs, Managers, Project Associates, Leads in many MNCs both in India and Abroad.

We the ECE association always honor and invite our alumni to deliver invited talk, to conduct career development programs etc. for their juniors. Periodic Alumni visits have sparkled the budding engineers and have been motivating and focused to improve the placement opportunities.

I am thankful to the TPGITAA for their contribution towards the development of the Institution.

I wish the members of the TPGITAA and alumni the very best in all their future endeavors.

HOD's Column

**Dr. P. Praveen Raj
Head of Department
Mechanical Engineering**

Greetings to all Alumni of TPGIT. it is my pleasure to welcome all the Alumni to TPGIT Alumni Association. I am delighted to reach out to you through the newsletter of TPGIT Alumni Association. The world gets more complicated with every passing day. We get involved with our families and work and suddenly we've lost touch with those outside that close circle. The Alumni Association can help you stay connected to those friends and to the vast resources available here, from the faculty that taught and guided you to our libraries, seminars and symposia, web sites, social media and an extraordinary variety of "stay connected" programs designed with you in mind.

The alumni of TPGIT are spread out across the world, holding positions of eminence. I would like to appeal to them to partake in the activities of the Alumni Association, as I am sure that the alumni can play a significant role in institution-building. At this juncture, I would like to congratulate the TPGITAA team in bringing out this newsletter and wish success in all their future endeavors
